THE BEAUTY OF THE OUTDOORS IN EVERY DETAIL..

Driven by the desire to harmonise with nature, our range of products, from enchanting Sunrooms to versatile Pergolas, epitomises a commitment to excellence. We believe in crafting spaces that not only elevate aesthetics but also enhance the way you experience the outdoors.

UPGRADE YOUR OUTDOOR SPACE WITH **SMART PERGOLAS AND SUNROOMS**

Discover a new standard of outdoor living with our smart pergolas, bioclimatic pergolas, and sunrooms. Our cutting-edge solutions blend advanced technology with sophisticated design. Enjoy peace of mind with sensors and smart controls that let you manage everything effortlessly from your phone. Create an elegant and comfortable outdoor haven tailored to your lifestyle.

Rain Sensor

Don't let a sudden shower ruin your outdoor plans. Our rain sensors automatically close all the motorized systems at the first sign of rain, ensuring your space stays dry and cozy. Enjoy your garden or patio, whatever the weather.

Wind Sensor

Keep control of your outdoor area with our reliable wind sensors. These sensors detect strong winds and adjust your awnings and blinds to prevent any damage. Feel confident that your outdoor space is protected, even on windy days.

Smart Control

Effortlessly manage your outdoor environment with our smart control systems. Adjust lighting, and motorized systems from your smartphone or tablet. Creating the perfect outdoor atmosphere is simple and convenient, letting you enjoy your space to the fullest.

PERGOLAS

Our pergolas, with retractable PVC roofs, offer unparalleled flexibility. This innovative fabric design ensures your outdoor area is stylish, comfortable, and adaptable to all weather conditions. Customise your pergola for a truly unique outdoor sanctuary. Explore our diverse range of retractable pergolas, including linear, arched models, and more, each designed to enhance your outdoor living space with style and functionality.

FABRIC / COMPOSITE

Thanks to Précontraint technology by Serge Ferrari, both Horizon 86 and Perform 92 have outstanding dimensional stability. They are environmentally friendly and recyclable.

Soltis Horizon 86 is a 14% open mesh composite that offers the best outward visibility with a level of up to 28% natural light transmission.

	Technical properties	Standards
Weight	11.2 oz/yd ²	EN ISO 2286-2
Thickness	0.45 mm / 450 microns	
Width	69.7 in - 105.1 in	EN ISO 2286-2
Standard format length	69.7" width: 54.68 yds 105.1" width: 43.74 yds	
Tensile strength (warp/weft)	230/160 daN/ 5 cm	EN ISO 1421
Tear strength (warp/weft)	45/20 daN	DIN 53.363
Flame retardancy	CSFM T19 • Method 1/NFPA 701 • Class A/ASTM E84	
Warranty	5 years	

White 86-2044

Champagne 86-2175

Black 86-2053

Cocoa 86-2148

Anthracite 86-2047

Boulder 86-2171

Bronze 86-2043

Beaten metal 86-2045

Soltis Perform 92 is a 4% open mesh and an advanced thermal shield. It blocks up to 97% of heat in external window applications. This micro-perforated screen offers the best thermal performance while maintaining outward visibility.

Weight	12.4 oz/yd ²
Thickness	0.45 mm / 450 microns
Width	69.7 in - 105.1 in
Standard format length	69.7" width: 54.68 yds 105.1" width: 43.74 yds
Tensile strength (warp/weft)	310/210 daN/ 5 cm
Tear strength (warp/weft)	45/20 daN
Flame retardancy	Method 1/ NFPA 701 • CSFM T19 • Class A/ ASTM E84

Soltis Proof W96 protects against UV and bad weather, while preserving the level of natural light transmitted. This translucent, waterproof fabric is ideal for pergolas and shade canopies.

Weight	620 g/m ² — 18.3 oz/sqyd
Thickness	0.56 mm / 560 microns
Width	267 cm — 105.1 in.
Standard format length	35 lm — 38.27 yds
Tensile strength (warp/weft)	220/220 daN/5 cm
Tear strength (warp/weft)	25/20 daN
Flame retardancy	M2

GLASS SYSTEMS

Unveil the elegance and functionality of our Glass Systems, designed to enhance the beauty of your home or commercial space. Ideal for those seeking to merge indoor comfort with outdoor views, our Glass Systems offer a seamless transition between environments.
